OAK LEAVES DEDICATION

A combination of humor and intelligence. A desire to impart wisdom coupled with a willingness to take time out for a laugh. Numerous hours devoted to work outside the classroom on student life and curriculum committees. The serious times spent charting courses for a student advisee or observing the product of a well-taught methods class. Time spent helping Meredith students realize the scope of United States foreign policy, and time spent helping the Meredith student grasp important world-wide happenings.

A combination of Roosevelt, Muskie, and Mae West. Anticipation of the little "heh, heh, heh" at the end of each joke told in class. The personality joined with another which is equally energetic. Positive action joined with a readiness to listen to any of the numerous problems which confront the student teacher. Suggestion of reform where reform is possible in order to help develop the Meredith community.

A combination of personalities. Two individuals vitally and integrally a part of student life. Unique, but a pair. This uniqueness is a part of the dedication of the 1972 Oak Leaves—to the "one-of-a-kind" pair, Dr. Frank and Mrs. Carolyn Grubbs.
